

UNIVERSITY DELEGATIONS

AMWHO, Inc. Chapters and university students wishing to start an AMWHO, Inc. Chapter may be eligible to receive a flat, discounted registration rate of \$50 per student. In order to do so, Chapter Co-Presidents or delegation leaders must email internal@amwho.org with an Excel spreadsheet of eight or more students from your school (provide their first name, last name, and email address) who have already agreed to be a part of your AMWHO 2019 delegation and pay the registration fee. The AMWHO 2019 Internal Logistics team will then send a link where your delegation members can individually register for the conference and pay the discounted rate. This link must not be shared; any individual registering for the conference, but is not part of a delegation list, will not be accepted, and will not receive any refund.

At least eight individuals must be in your delegation to receive this discounted rate. In the unfortunate event of your delegation size reducing to less than eight members, you will have until the end of regular registration to recruit enough members to reach the eight member mark. If you lose members after the regular registration period, you will have exactly two weeks to recruit enough members to reach the eight member mark.

Otherwise, every member of the delegation will receive a PayPal charge of the regular registration rate difference and will not be considered as registered for the conference until they have paid the charge. If members from your delegation continue to refuse to pay the charge, they will no longer be allowed to register for future AMWHO, Inc. conferences and the chapter will be on probation/face discontinued status. Please be sure that at least eight members in your delegation are 100% committed to attending the conference. Please also take note that by registering for this group deal, you will not receive any refunds and are unable to qualify for the scholarship.
